www.risenshine.in

MISSION
"To offer scientifically tested laboratory to farm solutions using cutting edge research and the latest technology and practices."

VISION
"To be a leading player in Biotechnology, Floriculture and Horticulture sectors by continuously bench marking products and services with global standards."

OUR BELIEFS
"We are what we repeatedly do. Excellence, then, is not an act, but a habit"
- Aristotle

We believe that achieving excellence in all that we do is not distant theory but related to our day to day attitudes and practices. Creating a trusting, joyful work environment and empowering people is the best way to achieve excellence naturally.

BIOTECH

The engine that drives our business by making our plants robust.

For us, Biotechnology is the engine that drives our entire business. It ensures that the quality we promise is the quality we deliver. Our fully equipped and continuously upgraded infrastructure consist of 2,80,000 sq. ft. world class tissue culture laboratory and more than 1,80,000 sq. mt. completely controlled Green House. Having highly competent, qualified and trained personnel from the best Agricultural Colleges in India ensures exemplary outcome in all our processes.

FLORICULTURE

Celebrate all that is beautiful and joyful in life.

The Floriculture industry in India has huge potential for generating employment, improving the income of farmers and enhancing export earnings. During the last ten years, there has been an exponential growth in the earnings through the marketing of floriculture products, both in the domestic and international markets. Rise n' Shine is a leader in the floriculture industry and is today recognized as a company producing the best quality planting material that matches International standards.

HORTICULTURE

The fruits of hard work and success are always sweet.

Rise n' Shine is certified by National Research Station for Banana and Department of Biotechnology, Government of India (DBT). Our virus-free, best quality, high yielding plants are available throughout the year. Rise n' Shine produces export quality Tissue Culture Banana plants. We also provide additional support to Indian farmers for domestic fruit market. Thousands of hectares of Banana cultivation by Indian farmers have benefitted them tremendously from our technology and plant propagation systems.

EXOTIC PLANT NURSERY

Rare plants help you appreciate the unique beauty of nature.

We have 30 acres of polyhouse at Kunjirwadi showcasing exclusive plants and products of Rise n' Shine Nursery. There is a wide variety of Indoor, Outdoor, Ornamental, Seasonal, Medicinal Palms, Climbers, Creepers, Succulents, Cacti and many more. An Exclusive Botanical Boutique with an exotic and exquisite collection of plants is located at Koregaon Park, Lane 5, Pune.
NURSERY SERVICES: Vertical garden, Landscaping, Consultancy for all garden needs, Customize setting up for garden

NATURE SMILES ON THOSE WHO UNDERSTAND HER LAWS AND ABIDE BY THEM

Rise n' Shine Biotech spans across four interlinked verticals - **Biotechnology, Floriculture, Horticulture and Exotic Plant Nursery**. The company has evolved and grown rapidly to offer technology and services in these sectors. The focus of the company is to use science and technology for the benefit of the farmers that ultimately translates into better products for the common man. From healthy banana plants, to flowers that light up any room, the company strongly believes in partnering Mother Nature to reap its rich bounty. Rise n' Shine Biotech Pvt. Ltd. is the first in Floriculture to breed the best in India. We are the first Plant Biotech private sector, to be authorized as Official Training Centre at Theur for Floriculture crops from National Horticulture Board of India (NHB).

Rise n' Shine Biotech Pvt. Ltd is an **ISO 9001-2015** company and an exporter of international standard plants to over 30 countries worldwide. The company has invested in state-of-the-art tissue culture laboratories that helps to produce more than 40 million plants annually.
